Our PMIEF Liaisons are one powerful group of volunteers! Below, read about a chapter that engaged over **fifty chapter members** in their outreach program, as well as a chapter that has already reached almost **six hundred students** this year. Plus, one brand-new chapter is already considering their future plans to give back to youth in the community.

Are you the liaison for a chapter that's doing great work? Please continue to share your updates using our [Chapter Program Reporting Form](#). Next month, you could be our feature story.

Sincerely,
Kendra

NEWS FROM NA: NORTH AMERICA

Southwest Ohio Chapter school program engages over fifty chapter volunteers

Volunteers visit school classrooms to deliver project management curriculum

Congratulations to the Southwest Ohio Chapter on the successful delivery of project management training to approximately 75 students at the local Deer Park Career Academies.

The chapter developed curriculum for the program, and used an online volunteer management tool to help coordinate the fifty chapter volunteers who participated in the programs.

The volunteers worked with 7th through 12th grade students during their elective courses.

They admit it was a challenge to secure volunteers during the school day, but that hasn't stopped them. The chapter plans to expand the program to additional schools in the coming year.

Chapter volunteers worked with students in the collaborative work spaces and conference areas at the Deer Park Career Academies school in Ohio.

NEWS FROM EMEA: EUROPE, MIDDLE EAST & AFRICA

PMI Egypt Chapter promotes awareness of PMI Educational Foundation during chapter launch event

PMIEF Liaison delivers brief presentation about the importance of *project management for social good*[®]

The PMI Egypt Chapter established Fady Ramzy as their

The recently chartered PMI Egypt Chapter hosted a launch event at the end of May. During the event, chapter leaders shared about the chapter's goals and plans.

Among those presenters was Fady Ramzy, the chapter's PMIEF Liaison. During the presentation, Fady shared some of the chapter goals for giving back to local youth.

According to Fady, the chapter will focus on "preparing youth for success in life through the use of projects to teach primary and secondary school students project

PMIEF Liaison, and invited him to share about their chapter's future plans at the launch event in May.

management skills." Good luck to the Egypt Chapter as they plan for the future and develop their initiatives.

NEWS FROM LATIN AMERICA

PMI Sao Paulo Chapter Program reaches almost 600 youth in Brazil

PMIEF Resources are a critical component of youth training program

The PMI Sao Paulo Chapter has successfully delivered project management training to nearly 600 youth at a variety of local schools. By applying the same curriculum to a variety of youth, their program is efficient and powerful.

The volunteers use several PMIEF no-cost resources including [Careers in Project Management](#), [The Tower Game](#), and the [Project Management Fiction Books](#) for youth.

PMIEF Liaison Rodrigo Silva has enjoyed his involvement and the opportunity to share PM in the community, saying "It's amazing! I really love this job!"

Students use marshmallows and pasta to build towers and learn about the importance of balancing resource management, risk, and schedule.
