Dear Deer Park Jr/Sr High School

I want to take a moment and express a deep heart felt thank you along with the other veterans who received the items that you, the students and staff of Deer Park school sent to us here at the Veterans hospital.

Your very kind gesture of gratitude truly touched the veterans and I am speaking on their behalf when I say thank you.

Your giving in a small way speaks volumes of your quality of character that I am sure you will continue to instill within the hearts and minds to whom you give as it has us. Thank you again!
